

To Whom it May Concern,

Notice is hereby given by KILO-FM, 94.3 MHz, Colorado Springs, Colorado of the need to operate at reduced power due to a transmitter power supply failure, effective 6/29/2026.

KILO-FM is licensed for 26.8kW TPO (78kW ERP).

While repairs are being completed, KILO-FM will operate at 8,000 Watts ERP from its licensed (Aux) site antenna.

Repair parts have been ordered, and KILO-FM is anticipated to return to full power operations on 7/27/2026. If this date cannot be met, KILO-FM will file a Special Temporary Authorization request at that time.

If there are questions regarding this notice, please notify the undersigned.

Cordially,

*Stu Albert*
