Attention: Joe Miller

Dear Mr. Miller:

Rocky Mountain Public Broadcasting Network, Inc., licensee of KRMA-TV, Channel 6, Denver, Colorado hereby states that it has no objection to the construction and operation of a proposed modification to non-commercial/educational FM station KLDV, operated by Educational Media Foundation on 91.1 MHz in Morrison, CO. It is our understanding that the station is proposing to modify its horizontal ERP to 100 kW. We anticipate no additional interference as a result of this application.

Our consent is conditioned on EMF's agreeing at its expense to investigate expeditiously and in good faith and, if necessary, to resolve, any new complaints of Channel 6 interference to KRMA viewers in the KLDV service area occurring within one year of filing of the KLDV license application covering the changes consented to by KRMA. EMF's reliance upon this consent in connection with its FCC application will constitute EMF's acceptance of this condition.

Sincerely,

James N. Morgese
President and General Manager
